

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

LOCAL NEWS.

WEATHER PROBABILITIES.—War Department, Office of the Chief Signal Officer, Washington, D. C., February 10, 1876.—10:30 a. m. The Middle States winds shifting to east and south and rising temperature.

SUN FIRE COMPANY.—A called meeting of the Sun Fire Company was held at their hall last night, President Latham in the chair, and Geo. B. Deaton, Secretary.

The following communication from S. C. Neale, esq., President of the Alexandria Library Company, in regard to their joining with this company in having a grand ball on the night of the 22d of February, was unanimously adopted, and Messrs. Latham, Duffey, Blenheim, Davis and Travers were appointed as a committee from this company to meet a committee from the Library Company to perfect arrangements.

THE SUN FIRE COMPANY.—The Alexandria Library was organized about the year 1796 and is therefore one of the oldest institutions in our city. Previous to the war much interest was manifested in its success by our citizens, and consequently its funds were in a prosperous condition. Since the war the Library has received but little encouragement, and it has been sustained only with the greatest difficulty. The Directors of the Library have determined to give a ball on the night of the 22d of February, hoping to raise funds with which to enlarge the usefulness of what should be one of our most deserving objects. They have learned that you have decided to give a ball upon the same night. The Directors of the Library feel that it would be asking too much to request you to yield the night to them, and they believe that it would be better both for the Library and for your Company that the two should unite and give a grand ball in which all the fire companies, social and secret organizations should be invited to participate. They submit the following propositions: That the "Sun" and the "Star" shall unite in giving the ball, the Sun to receive one-third (1/3) of the net proceeds; that a committee of five (5) be appointed from the "Sun" to act in conjunction with the committees from the other participating organizations; that the invitations that have been issued by the "Sun" are not to be interfered with, and the tickets that have been printed to be destroyed, the Library to take the hall, music and omnibuses off the hands of the "Sun."

Very respectfully,
S. C. NEALE,
President Library Company.
B. Struder, Joseph Haines, Wm. Roberts, Wm. Travers, George Bargott and Geo. Haywood were elected active members of the company.

The secretary was ordered to notify the committee from the Library Company to meet the committee of this company to-night.

Messrs. Duffey, Deaton and Blenheim, the committee on fire extinguishers, were ordered to have one of the Holladay fire extinguishers here for the use of the company by the 22d instant, after which the meeting adjourned until next Wednesday, the 16th.

COLUMBIA FIRE COMPANY.—The regular monthly meeting, last night, was largely attended. David A. Windsor, President, in the chair.

But little business was transacted. Sundry small bills were ordered to be paid.

Mr. B. Wheat presented a communication from S. Chapman Neale, President of the Alexandria Library Company, stating the Library had determined upon a ball on the night of the 22d inst., and requesting this company to appoint a committee of five to act in conjunction with the committees appointed from the other participating organizations. He also stated that the Sun Fire Company had decided to have a ball on the 22d, and that he had been assured by many members of the Sun company that that will combine with them in giving the ball.

Mr. Kemper appeared, he said, at the solicitation of Mr. Neale. He was just from the Sun meeting, and they had accepted the proposition of Mr. Neale. He urged that a committee of five be appointed to cooperate with the Alexandria Library committee, and he would be much pleased to see this company well represented.

The President appointed the following committee: Messrs. Kemper, Falls, J. Carlin Creighton, Lee and Hardy, and at the urgent request of the company the president was added to the committee.

After appointing a committee of two, consisting of Messrs. Ramsay and Shirley, to transact business relative to the members of the company and parade, the meeting adjourned to meet Friday, the 18th instant.

FIFTH MARYLAND REGIMENT.—A letter has been received in this city, from Baltimore, from which we are permitted to make the following extract:

"The suggestion in the newspapers in regard to the 'Fifth Regiment' visiting Alexandria on the 22d instant, has stirred up the boys considerably, and they are quite anxious to go. All they want is some kind of an invitation. If they go they would probably bring about 250 men, with full band. They would add greatly to the attractions of the occasion, and the little cost of their visit would be amply repaid. They expect no grand entertainment, but that, upon proper representation being made, the Council would appropriate a small sum to that object."

Cannot some of our prominent citizens, especially some of the military men, take the matter in hand and provide for entertaining the regiment. We have no doubt that the Firemen's Convention would gladly invite them were such provision made, and they certainly would be a great addition to our Centennial celebration. Prompt action, alone, is required.

ROLL OF HONOR.—The Southern Churchman says: The Intermediate Examinations at the Episcopal High School, near Alexandria, closed on the 4th inst. The following eleven students (out of seventy six) are mentioned with special honor as having been distinguished in every examination: Robert Barclay, of St. Louis, Mo.; Rowland Burke, of Liberty; Brie W. Goldsborough, of Maryland; Kenney J. Hammond, of Baltimore, Md.; J. Murray Larned, of Maryland; J. Stewart McRee, of Louisiana; J. Samuel Spencer, of West Virginia; Pembroke Lea Thom, of Maryland; M. D. C. Baldwin, of Theological Seminary; Llewellyn F. Whittle, of Richmond, and Wm. F. Wickham, Jr., of Hanover.

THE LEE MONUMENT COLLECTION.—Superintendent Caroe received, this morning, the following:

"RICHMOND, Feb. 9, 1876.
"R. L. Carne, esq., Sup't. of Schools, &c."
The contribution of the pupils of the schools of Alexandria county and city to the Lee Monument (\$55.49) is gratefully acknowledged.

"S. B. CASSETT, Secretary."
The contributions from the county were: Jefferson School, colored, 66 cents; Ruffner, white, 80 cents; Scott, colored, 76 cents; Arlington, colored, \$1.23; Walker, white, \$1; Kemper, colored, 60 cents; total, \$5.05. No returns were received from Columbia, white; Caroe, white, and Sumner, colored.

BRIDAL PRESENT.—The Bachelors' Club of this city, yesterday, presented to Mr. George Bryan, a late member of the club, who was married on Saturday, a handsome set of silver spoons enclosed in an elegant case, and accompanied by a note expressive of their high regard, and of regret at the severance of their relations with Mr. Bryan.

FIREMEN'S CONVENTION.—As will be seen by references to notices elsewhere, a meeting of the Firemen's Convention is to be held to-night. The meeting is held for the purpose of selecting some action in regard to the proposed visit of the 5th Maryland Regiment to this city on the 22d inst.

DEATH OF AN OLD ALEXANDRIAN.—A private letter received here, this morning, from Jackson, Tenn., says: I write this to inform you that your old friend and associate, Jos. H. Hampton, has gone to his rest at last. He died this morning very suddenly about half past four o'clock without a struggle and very peacefully. I think his decease can not be attributed to any disease, but was just a wearing out of the nervous system and sinking under the infirmities of age. He spoke on last Sabbath of feeling so much better and of writing to you, but now he has gone, and although we grieve to lose him, yet he is much better off, for he has gone to that land where there is no suffering but eternal life and endless joy. He died at the residence of Capt. T. H. Francis, with whom his widow resides. His funeral took place last Friday morning.

THE ST. ASAPH STREET TRACK.—Judge Moncure, of the Supreme Court of Appeals, to-day refused to grant the supersedeas to the decision of Judge Keith, dissolving the injunction against the tearing up of the railroad track on St. Asaph street. The papers had previously been presented to all of the other Judges of the Court of Appeals and the supersedeas had been refused by each of them. The refusal imposes upon the Mayor the necessity of enforcing the order of the City Council, directing him to tear up the track from Princess street to King, unless it be removed by the Company. The order of Council will not be enforced, however, for some days, as the necessary official notice has yet to be given to the Company.

THE MINERAL BUREAU.—The Mineral Bureau has received from Mr. Wm. Hedrick, of Black C. H., a box of iron ore from Wolf Creek, Black County, consisting of both red and brown hematite, the latter of the fibrous variety. The specimens were gathered upon the south side of Rich mountain, and are entirely from the surface. As the ores are evidently of excellent quality, it is hoped that the proper steps will be taken for locating the veins and estimating their productive capacity.

SUMMONED TO RICHMOND.—A writ was received, last night, by the City Sergeant, directing him to summon Messrs. Alexander Hunter, J. T. Beckham and Holcombe Mitchell, to appear before the Grand Jury of the Hustings Court of Richmond on the 16th inst. It is supposed that they are to give evidence on which to frame indictments in the late gambling cases in this city.

DISCHARGED.—Charles Hurdle, of Washington, who was among those captured at the late dog fight in the county, appeared before Justice Austin yesterday, and was discharged from custody. The penalty for taking part in dog fights and like brutal amusements in this State is not less than \$100, nor more than \$500, one-half of which goes to the Educational fund.

NEW CHURCH.—The congregation of the German Lutheran Church, who now worship in the Y. M. C. A. rooms, are about to commence the erection of a handsome framed church on the northeast corner of Alfred and Cameron streets. Application has been made to Council for the necessary permission, which will undoubtedly be granted.

RELIC.—Mr. W. N. McVeigh, Jr., has in his possession a printed copy of Washington's accounts while general of the army, containing, besides, letters from various distinguished men. Mr. McVeigh designs presenting the book to Alexandria Washington Lodge of Masons.

Pound Contribution.

The ladies of the Alexandria Union Relief propose having a pound contribution for the poor, at their room, adjoining the Orphan Asylum, corner of Wolfe and Pitt streets, on Saturday next, February 12th, between the hours of 10 a. m. and 5 p. m., in which they cordially invite the entire community to take part. The plan proposed will furnish an opportunity to every one, even the children of the city, to contribute something toward the relief of the poor, and it heartily entered into, as we believe it will be, will carry comfort and gladness into many cheerless homes. The following articles will be most acceptable. Flour, meal, rice, hominy, beans, coffee, tea, sugar, bacon, soap, &c. Donations of fish and vegetables and of dry goods will also be welcome. We hope that every store and family in our city will be represented in this "contribution." Particularly we would urge parents and teachers to encourage the children, whose enthusiasm can accomplish so much, to bring their offerings to our storehouse. We anticipate a pleasant and bountiful day. All packages should have the contents distinctly marked on the outside. By order of the

FROM WASHINGTON.

CONGRESS.
SENATE.
WASHINGTON, D. C., Feb. 10.—The Senate House bill repealing the Bankrupt act was referred to the Committee on the Judiciary.

Mr. Logan introduced an amendment making the repeal take effect July 1st, 1876 which was referred to the same committee.

The Senate also passed a bill extending the time for the completion of the Northern Pacific railroad.

The Centennial Appropriation bill was then taken up and discussed by Mr. Norwood and others.

HOUSE OF REPRESENTATIVES.
The House of Representatives went into Committee of the Whole on the Diplomatic and Consular Appropriation bill soon after the journal was read.

Speeches were made by Lynch, of Mississippi, and others until 1 1/2 o'clock.

The Chairman then announced that Mr. Blaine, of Maine, desired an hour without interruption, and it was accorded to him.

Mr. Blaine then spoke at length. He declared the Republicans the hard money party, and the Democrats the paper money party, and said, apparently by authority, that the Republicans had sunk all minor issues on this question. He gave a history of the origin of the legal tender paper money, and said all excuse for it had passed away.

Foreign News.
LONDON, Feb. 10.—The Times, in its financial article, says: The Cairo dispatch of yesterday, announcing that the Anglo Egyptian Bank has advanced large sums of money to Egypt, portends the triumph of the French Syndicate, the bank, in question, being practically a French institution.

PARIS, Feb. 10.—An official decree is published this morning, appointing M. Voisin Prefect of Police, and placing the Department under the control of the Ministry of the Interior, as before 1873. M. Voisin is a Reactionary Deputy. Yesterday's Monitor reporting the rumor of his appointment, said it would "profoundly grieve the friends of President MacMahon and the constitution."

Baron Haussmann has issued an address to the electors of the first arrondissement of Paris. He says, in offering himself as a candidate for the Chamber, he has solely in view the interest of the city of Paris. He expresses regret for the regime to which France and Paris owed so much prosperity, but he will not be hostile to the present constitution, which he thinks should be applied in perfect good faith.

Robbery.
NORWICH, CONN., Feb. 10.—A special dispatch from New London says the Bank of Commerce there was robbed by burglars on Tuesday night.

IT SPEAKS FOR ITSELF; is what a lady said of Dr. Bull's Cough Syrup the other day, for a single bottle cured my child of a most dreadful cough.

What a fool the dog hog was for staying in his dark and damp hole on such a delightful day as the one just elapsed, when all his two-legged congeners were out sporting themselves and enjoying to their heart's content the bright, warm weather!

SOMETHING NEW!

The undersigned would respectfully announce to the business of Alexandria, and vicinity, that, having introduced their improved STEAM FEATHER RENOVATOR into this place, they are now prepared to cleanse and renovate feathers in the most effective manner. By a pressure of steam and the way it is applied, together with the facilities for ventilating and drying which we have invented, we claim more effectually, and in less time, to renovate feathers than by any process ever offered to the public. Our process not only cleanses old feathers from all impurities, removing the dirt and condition thereby making them bulk nearly one half, making them light and lively, clean and healthy, but also removes the disagreeable odor so common to new feathers, and destroys all moths and the liability thereto.

For further particulars and prices see bills which will soon be in circulation.

Patents will be guaranteed, or no charge will be made.

Parties desirous of examining the process are respectfully invited to call at our place of business, NO. 66 KING STREET.

between the hours of 9 and 12 a. m., where the patentee or his agent will be found, who will take pleasure in showing how the work is done.

Send in your orders and come and see the process yourselves.

Parties wishing to engage in a safe and profitable business will find it to their interest to call and examine. S. T. CHAPMAN, Agent.
